**DIALux**

> **Note!** Give the following document to the person who will activate the feature for you.

# How to activate the Unlock Non-Members feature in DIALux evo 12.0

Step 1

Go to the login area in the top menu and log in with your DIALux ID using your email address and password from my.dialux.com. Then, choose **'Activate and manage contracts'**.

Step 2

Now click on the **'Activate'** button and you will be able to start working with the 'Unlock Non-Members' feature right away.

> **Note!** After purchasing the subscription, products from manufacturers who are not DIALux Members will continue to be labelled 'Not yet a DIALux Member'. With the release of DIALux evo 12.1, the names of the manufacturers will be displayed.
